

Prof Helen Rees Appointed to Serve on the National Advisory Group on Immunisation

Prof Helen Rees, Wits RHI's Executive Director, was recently appointed to serve on the National Advisory Group on Immunisation (NAGI) for the next five years. She has been a member of NAGI since 2010. [NAGI](#) was established in 1994 as part of the recommendations of the National Expanded Programme on Immunisation in South Africa (EPI-SA). The overall aim of NAGI is to bring together experts from different fields which impact on the area of immunisation who will guide EPI-SA, to run an efficient immunisation programme in keeping with current international standards and development.
