

Advanced Clinical HIV Management Online course

The Southern African HIV Clinicians Society is thrilled to announce the launch of the Advanced Clinical HIV Management online course

The aim of this course is to provide doctors with regional HIV treatment knowledge and expertise, by developing clinicians' abilities to effectively manage HIV complications and provide leadership in HIV prevention, treatment and care.

Dates:

The date for the launching of the online course will be roughly end of June 2018 (date to be confirmed)

Cost:

Early bird discount cost is **ZAR 9,300**. Please request application forms to pre-register from Tshepo at training@sahivsoc.org

The course fees are **ZAR 10 780**.

Fees are payable on acceptance to participate in the course.

Duration:

16 weeks maximum duration
